

Pacira BioSciences to Participate in Fireside Chat at the 24th Annual Needham Virtual Healthcare Conference

April 01, 2025

BRISBANE, Calif., April 01, 2025 (GLOBE NEWSWIRE) -- Pacira BioSciences, Inc. (Nasdaq: PCRX), the industry leader in its commitment to deliver innovative, non-opioid pain therapies to transform the lives of patients, today announced that it will participate in an analyst-led fireside chat at the 24th Annual Needham Virtual Healthcare Conference at 11:45 AM ET on Monday, April 7, 2025.

Live audio of the virtual event can be accessed by visiting the "Events" page of the company's website at investor.pacira.com. A replay of the webcast will also be available for two weeks following the event.

About Pacira

Pacira delivers innovative, non-opioid pain therapies to transform the lives of patients. Pacira has three commercial-stage non-opioid treatments: EXPAREL[®] (bupivacaine liposome injectable suspension), a long-acting local analgesic currently approved for infiltration, fascial plane block, and as an interscalene brachial plexus nerve block, an adductor canal nerve block, and a sciatic nerve block in the popliteal fossa for postsurgical pain management; ZILRETTA[®] (triamcinolone acetonide extended-release injectable suspension), an extended-release, intra-articular injection indicated for the management of osteoarthritis knee pain; and iovera[®], a novel, handheld device for delivering immediate, long-acting, drug-free pain control using precise, controlled doses of cold temperature to a targeted nerve. The company is also advancing the development of PCRX-201, a novel locally administered gene therapy with the potential to treat large prevalent diseases like osteoarthritis.
